Hi Chris,

I just responded to your email below but wanted to let you know Michelle Yalung is no longer with the company. Please direct any future correspondence pertaining to the Wind River properties and permits to either me or Erick Kittinger. Thanks,

Arlene

EXTERNAL EMAIL

Good Morning Michelle,

As a follow-up to my email last week, could you advise whether Merit still wishes to move forward with the issuance of the Class II UIC permit for the Brinkerhoff 3A well?

Good Afternoon Michelle,

As an update, the public notice for the draft Class II permit to convert the Brinkerhoff 3A well from a production well to an enhanced oil recovery well in the Steamboat Butte Field ended about a month ago without any public comments received. The UIC Section is preparing to make a final decision on the Brinkerhoff 3A Class II permit, and I haven't seen any correspondence from you concerning this permit application since last year. Could you confirm that Merit still wishes to move forward with the issuance of this permit?
